

Courses Available

We offer the following courses and provide all of the equipment needed for successful certification. Our manikins are the most hygienic systems available with each student receiving their own individual face piece. We also provide AED training units for all of our CPR classes. All of our courses meet OSHA requirements for worksite training.

CPR

American Heart Association Heartsaver CPR
American Heart Association Heartsaver AED
American Heart Association BLS for Healthcare Provider CPR
American Heart Association Skills Assessment

Private CPR classes are available for students entering the healthcare field or for individuals who require re certification. These classes can be held at your location or at our offices. Private classes generally take less than two hours to complete and you receive your certificate when the class is complete. Please contact us for more information.

First Aid

Heartsaver First Aid
Heartsaver Pediatric First Aid

Customized youth safety programs are also available. Please contact us for more information.
